****Important note:** Please note that those participants who are travelling by car or by train will **not receive travel reimbursement in Maribor. Instead**, participants will be asked to fill out some info sheets where their signatures will be needed. In addition, those participants who will travel by train must, once they arrive back home, send their tickets and the purchasing bills to Mr. Kozina. It is important that each participant carries out this procedure; otherwise the organizer will not be able to reimburse travel costs. Please also note that car travel reimbursement does not cover toll fees for highway-use. In addition, there

is an upper limit for reimbursement for car travel – it is 145,00 € for a round-trip. For those participants that travel from far away, train or air travel seems a better choice, since it is fully covered by the organizer. In addition, we stress that the organizer will buy air tickets for the participants, which means that the participants do not buy the air tickets on their own!

Room and board: Room and board will be covered by up to 3 nights per a participant (max. from Nov 30 to Dec 3; that is from Wednesday to Saturday). Please note that only rooms and meals are covered by the organizers, but extras are not (mini-bar, phone, laundry, etc.). The board, room and travel expenses will be covered by organizer for all co-authors of accepted abstracts. For the time-being, no reservations of room & board are needed to be made by participants (if there are any changes with this regard, we will let you know).

We look forward to meeting you in December for what promises to be a very informative and enjoyable event.

Most sincerely,

Sergej Flere

President of Organizing Committee
